Product Summary

As Gary Young traveled the Middle East to experience the frankincense trade, he quickly saw that the ancient use of burning resin has many modern-day applications. The resin’s essences relax, ground, and balance the emotions. Gary felt inspired to offer a resin burner to Young Living members who seek ways to connect with the earth. You can use the whispering essences from Young Living’s Resin Burner to transport yourself to the ancient lands of Arabia. Simply place a few pieces of resin on the burner and take in the aromatic spirit of the desert. The resin’s vapor will deepen your meditation and invite a sacred atmosphere. The Resin Burner also comes with a complimentary bag of frankincense resin (100 g).

Primary Benefits

• Helps center the mind and overcome stress and despair
• Deepens spiritual connection
• Easy to use right out of the box
• Manual temperature control
• Burns resin longer
• Specially designed burner lid for safety

Suggested Use

• Simply plug in the burner.
• Add a dozen or so small pieces of resin onto the plate.
• Turn it on.
• You will be able to adjust the heat with the temperature control located on the cord.

Cleaning Instructions

• A residue will be left on the plate after the resin is burned.
• Wait for the plate to be completely cooled.
• Take the scraper included in the box and rub off the resin residue.
• Wipe off the cooled plate with a wet washcloth to clean any remaining residue.

Cautions

• Keep out of reach of children.
• Do not touch the heat plate while in use. The Resin Burner heat plate can rise to temperatures near 300 degrees Fahrenheit. Never pick up the burner by the lid. Pick up the burner only after it is cooled. Please be careful where you place your hands as you handle the burner.
• The burner is intended for aromatic use only.
• Do not use essential oils with the burner.
• Use at your own risk.
• Do not leave the burner unattended. Unplug the burner when not in use.
• Operate in a well-ventilated area.
• Do not use next to flammable materials.
Did You Know?

- The people of Arabia have been burning the natural resins of the desert since ancient times.
- The Old Testament references that resin was used in religious ceremonies as early as the time of Moses.
- Burning frankincense and other precious resins became an integral part of Arabian culture—from healing rituals to using the vapor to help prayers rise to the heavens.

Complementary Products

- Frankincense Resin
